### County Expense Increased; What About Revenue?

If you read our news report Tuesday on Monday's annual levying session of the Hempstead County Quorum Court you learned that the county budget for 1973 was raised to \$107,128, an increase of \$14,413 over the 1972 total—but when Tax Assessor-elect Lile Easterling asked \$8,400 to beef up the Tax Assessor's office the court turned him down.

This is a contradiction of sound business practices.

When a private business increases expenses it also takes measures to find the revenue to meet those expenses. The same common sense rule that governs private business applies to the managers of the public interest.

Assessor-elect Easterling asked for extra funds to pay for aerial photographs, for a part-time employee, and for an additional employee to assess property throughout the county.

From where your editor sits this appears to have been a necessary request—for the Tax Assessor's office is the post responsible for producing major county revenue, and to deny it more expense money when next year's county budget is being increased 13 per cent doesn't sound like good sense.

At stake in these changing times are the future well-being of not only the county services but also the public schools. If property assessments, already unequal throughout the city and county, are permitted to erode away because the Tax Assessor is denied the financial backing to live up to his duty under the law, then Monday's Quorum Court action tells you where to fix the blame.

I've never written an editorial more true than this. If you recognize the truth, speak up and let the Quorum Court know that you resent the way the Tax Assessor's office has been stabbed in the back.

## Henry, John have little in common

BOSTON (AP) — Presidential adviser Henry Kissinger, wanting an apolitical secretary of state who will let the White House control foreign affairs, "effectively blocked" former Treasury Secretary John Connally's appointment to the post, a biographer of both men claims.

"Kissinger and Connally are poles apart personally and politically," said Charles Ashman, author of "Kissinger: The Adventures of Super-Kraut," who is now writing "Big Bad John" about Connally.

Ashman said his interviews

## Palestinians clash with guerrillas

TEL AVIV (AP) — The Israeli military command reported a clash with Palestinian guerrillas inside Lebanon today, but refused to confirm Lebanese reports of an assault by helicopter-borne commando forces.

Military spokesmen said only that an Israeli unit patrolling inside Lebanon clashed with a band of Palestinian guerrillas Thursday night and early today near the cease-fire line where air and tank battles with Syria raged three days ago.

Reports from Lebanon said Israeli troops landed in helicopters, blew up houses and burned tents at a guerrilla base at Khreibeh on the foothills of Mt. Hermon, and withdrew two hours later.

"One Israeli soldier was wounded and a number of terrorists were hit," a Tel Aviv spokesman said.

## Interruption in VN peace talks

PARIS (AP) — Henry A. Kissinger and Hanoi's Le Duc Tho met for an hour today at a suburban rendezvous after putting out word that the meeting had been called off.

A television crew of the Columbia Broadcasting System tracked Kissinger to the secret meeting place in Chouy-le-Roi, not far from the North Vietnamese delegation headquarters.

Kissinger told a CBS reporter on the spot that he planned to meet Tho again Saturday.

The North Vietnamese delegation earlier announced that there would be no meeting today, and American sources tacitly confirmed the announcement.

It appeared that the two delegations were trying to throw newsmen and photographers off the track after the earlier meeting place at Gif-sur-Yvette was discovered — also by a CBS television crew.

North Vietnamese delegation spokesman told newsmen: "There will probably be no meeting today. You will be informed in due course when the next meeting takes place."

The spokesman declined to give reason for the interruption in the secret negotiations. U.S. delegation spokesman David Lamberton said he could make no comment on the North Vietnamese statement.

The one-hour meeting was the shortest since Kissinger and Tho began their current session Monday in an effort to complete the peace agreement they drafted last month.

President Nixon's security adviser and the Hanoi politburo member conferred for six hours at Gif-sur-Yvette Thursday.

Choisy is 10 miles south of Paris. Gif-sur-Yvette is 15 miles southwest of Paris.

The French news agency Agence France Presse quoted reliable sources as saying Kissinger and Tho had run into serious difficulties.

On Monday they met for 5½ hours, Tuesday for 4½ hours and Wednesday for 3½ hours. The Thursday session continued the relaxed mood of the secret talks.

Kissinger and Tho held their longest meeting Thursday since the current round of secret peace negotiations began. The White House said the talks will resume but that it didn't know when.

The American and the North Vietnamese negotiators met for six hours on the cease-fire agreement they drafted last month, but kept to their agreed news blackout on the subjects under discussion.

The two delegations lunched together, and Kissinger and Tho emerged several times into the walled garden, walking up and down in animated and apparently friendly conversation.

They punctuated their remarks with sweeping gestures and at one point Tho grasped Kissinger's arm in a friendly manner.

The two came to the garden gate after lunch and allowed themselves to be photographed together. Photographers shouted for them to pose shaking hands, but they ignored the request.

Kissinger, as usual, left first after the meeting and drove back to the U.S. Embassy to report to President Nixon. Tho, as usual, arrived first and left last. The villa is owned by the French Communist party.

## Heavy bombing continues

SAIGON (AP) — American B52s blasted supply targets for a third straight day in their heaviest raids of the war in North Vietnam, the U.S. Command said today. Meanwhile, a Navy fighter-bomber disabled in a landing mishap became the 8th U.S. aircraft lost in Southeast Asia in the last five days.

The Command said 14 missions by the Air Force strato-fortresses, each with three planes, struck at military supply concentrations near the coastal cities of Vinh and Dong Hoi in the 24 hours ending at noon today.

The big bombers have flown 41 missions in the area below the 20th parallel in the last three days in efforts to knock out supplies being marshaled for shipment into Laos and southward into South Vietnam. Hanoi and Haiphong are above the 20th parallel and are currently off limits to U.S. warplanes.

While bad weather continued to curtail tactical air strikes north of the demilitarized zone, Air Force and Navy fighter-bombers were active in support of government forces in South Vietnam.

A Navy A7 Corsair, attempting a hazardous night landing aboard the carrier USS Saratoga, misjudged the approach and smashed into the deck. Despite major structural damage, the pilot, Lt. Cmdr. David Edwards, managed to get the crippled jet back into the air.

## Bolivian workers set up barricade

LAPAZ, BOLIVIA AP — Striking textile workers barricaded themselves inside their factories and vowed to remain "until the ultimate consequences" after the Bolivian government declared a nationwide state of emergency to counter what it called an "overt plot" against the regime.

The workers began a 24-hour walkout early Thursday. Shortly afterward the government announced the state of siege, ordered troops, tanks and police to surround the textile factory district in northern La Paz, arrested an undetermined number of workers and positioned army assault cars in working class neighborhoods.

Strike leaders met with President Hugo Banzer Suarez, but announced later there could be no solution as long as the troops remained outside the factories and the arrested workers remained in custody.

Among those detained were the news director of a local radio station and the head of the National Confederation of Professionals. The news director later was released.

Bank employees also joined the strike, but reportedly planned to return to work today.

Meanwhile, some wives of striking textile workers threatened a hunger strike as long as men remained under arrest. They also appealed for intervention by the Roman Catholic Church.

The strikers are protesting recent government austerity measures including the 68.6 per cent devaluation of the peso. They demanded wage hikes to compensate for the devaluation, and challenged government charges that extreme leftists have infiltrated the labor unions.

Interior Minister Mario Adet said there was "an overt plot against the government." He charged Tuesday that unions were being infiltrated by "extreme leftist elements," and this helped spark the textile workers walkout.

The state of siege-similar martial law-limits constitutional guarantees, gives police power to the army and grants the government more control than usual.

## Thanksgiving around the U.S.

By THE ASSOCIATED PRESS  
The parades are over, the turkey is gone and the clock has run out on the day's last football game. Thanksgiving 1972 is a slightly stuffed memory and Christmas is around the corner.

Thousands of spectators turned out in nippy weather in New York, Philadelphia and Detroit for traditional parades Thursday. Millions more across the country watched the marches on television.

One notable casualty occurred in the New York march — the huge balloon Donald Duck punctured his wrist on a tree limb and suffered a deflated hand. Officials said the balloon was due for retirement anyway.

Following the parades there was a procession of football games across the television screen. President Nixon tuned in to at least two of the con-

tests at his Camp David retreat in Maryland. The First Family spent a generally quiet day, enjoying a long walk with three pet dogs on the wooded mountaintop area to work up an appetite for the 14-pound turkey and trimmings served up by Navy stewards.

Canned, boned turkey was on the menu for 28,000 U.S. troops still in Vietnam. The 630th Tactical Communications Squadron shared its dinner with 300 children from the China Beach Protestant Orphanage.

Family get-togethers are a tradition for the day and one of the larger such gatherings was in Chicago Heights, Ill., where 95 of Agnes Joyce's relatives

turned out to help her celebrate her 73rd birthday.

The group that sat down to eight turkeys in a rented church hall included 9 of her 11 children, 40 grandchildren, 28 great-grandchildren plus assorted cousins, nephews and nieces.

There was a protest in Plymouth, Mass., where the American Thanksgiving originated, according to some historians. Representatives of 12 New England Indian tribes held a "day of mourning."

The demonstrators gathered around the statue of Massasoit, the Wampanoag chief who welcomed the Pilgrims in 1621 and signed a treaty with them that lasted 50 years.

## Staff organized in 3 divisions

LITTLE ROCK (AP) — Gov. Dale Bumpers has organized his office staff into three divisions, which will be coordinated by Thomas McCrea, who will operate under the title "staff coordinator."

The divisions and their heads are: operations, James LaMonica; special projects and programs, Vance Jones; community relations, Archie Schaffer III.

Schaffer is the governor's nephew and has handled appointments for Bumpers.

Historically, the "right-hand man" to Arkansas governors has been the executive secretary, but Bumpers has not given anyone that title since Eugene Kelley resigned from the post early in Bumpers' first year in office in 1971. Bumpers was elected Nov. 7 to a second two-year term.

McCrea said the duties of the aides to Bumpers will change little, "but now each will be responsible for specific projects and programs."

He said the reorganization was intended to increase efficiency.

As staff coordinator, McCrea said, his job will be to help the aides produce "to the best possible level their skills will permit."

He said that when Bumpers first took office, the immediate problem was producing a legislative program and getting it

through the General Assembly in 1971.

"When we settled down for the long haul, we found that we had many more problems to address, such as liaison with federal programs, dealing day-to-day with department heads and dealing day-to-day with the

public," McCrea said.

Asked if he would be, in effect, the new executive secretary, McCrea said, "I'll try to act as one point of communication with the staff, as others will. I at least will be a focal point."

## Congressional 'Head Start' program

By HOWARD WHITE  
Associated Press Writer

CAMBRIDGE, Mass. (AP) — "May I object to being called 'gentlelady,'" asked Barbara C. Jordan, a 36-year-old U.S. representative-elect from Texas.

"How would you want to be addressed," asked Alan W. Steelman, another Texas headling for the political maze called Congress.

"I don't know, but I don't like 'gentlelady,'" said Miss Jordan.

The question was one of hundreds being raised by four newly elected congressmen in an experimental month-long "cram course" at Harvard University's John F. Kennedy Institute of Politics.

"It's kind of a Congressional Head Start program," explained the man providing

many of the answers, Mark E. Talisman, 31-year-old administrative assistant to Rep. Charles A. Vanik of Ohio.

During a period when most of their newly elected colleagues are arranging to move, writing thank you notes or vacationing, the four participants started school this week. Their curriculum ranges from informal lectures on how to choose an office and file a bill to briefings on issues ranging from the economy to the environment.

In addition to Steelman and Miss Jordan, the other participants are 32-year-old William S. Cohen of Maine and Yvonne Brathwaite Burke, 40, of California. Miss Jordan and Mrs. Burke are Democrats, Steelman and Cohen are Republicans.

Mrs. Burke's arrival has been delayed because the California Assembly of which she is a member is still in session. Institute officials say.

Miss Jordan's expression of concern about the prospects of being addressed formally as "the gentlelady from Texas" brought a suggested solution from Talisman — a brief speech early in the session to make her wishes known.

The school this week held the first in a series of briefings on congressional procedures and matters of a housekeeping nature. Some major themes: new congressmen should learn fast what questions to ask, should assert their rights and be aware of the political consequences, and should learn the rules of the House soon.

"Is it possible to master the rules in your first term?" asked Steelman, whose Washington experience had been in White House staff jobs.

"No," responded Talisman, "but you can be familiar enough with them to ask the right questions, which will put you ahead of 90 per cent of your colleagues."

Such practical matters are to be covered for the four congressmen-elect, who will get briefings on such subjects as how to set up their offices and pick staffs, deal with lobbyists, and write "dear colleague" letters seeking cosponsorship and support.

But they're balanced with a rich collection of briefings on substantive issues.

# Lottery begins in NJ

## Trouble is predicted

BATON ROUGE, La. (AP) — An official of the Southern Christian Leadership Conference predicts that there will be trouble next week on the campus of Southern University in New Orleans.

"We want the governor and the rest of those who decided they want to close Southern at Baton Rouge (to know) — they forgot to close SUNO — and come Monday there'll be some hell down there," Joseph Hammond, an Alabama field director for the SCLC, said Thursday.

He did not elaborate. Southern at Baton Rouge, the nation's largest black college, has been closed until after the first of next year in the wake of the slaying of two students during a confrontation with police Nov. 16. However, the smaller New Orleans branch is scheduled to open Monday.

"There's going to be stuff going on all over this country until they indict those murderers," Hammond said. "Whatever we do, we don't forget they murdered our brothers."

Hammond spoke at a memorial service, held on the steps of the State Capitol, for the slain students. The service was attended by about 200 blacks, members of Concerned Parents of Baton Rouge.

Both were killed by buckshot wounds.

take on their major competition, organized crime, in dollar-to-dollar combat. For the first time since the modern public lottery began in New Hampshire in 1964, lottery officials hope to make their system competitive with the illegal numbers racket.

The first of New Jersey's daily drawings will be on Wednesday and daily lotteries should be in operation in the other five states by next spring. The main objective for the states is to raise revenues, but the motive is even more basic.

Gov. William T. Cahill of New Jersey said his state — in addition to continuing its weekly lottery which eventually culminates in a \$1 million drawing — will offer a 26-to-1 chance of winning on the daily tickets.

"We know of no other lottery — legal or illegal — now in existence that can match those odds," he said. "Even if you lose, your money is going for a good purpose, rather than an evil purpose."

There is yet another reason for the daily drawings: the hopes of state officials to sustain the public's interest in lotteries.

New Hampshire began with a schedule of several drawings a year and sold \$3 tickets. The initial response was good, but Sweepstakes officials soon found that the system needed constant revision and special drawings to spark a renewed public interest.

New York climbed on the lottery bandwagon in 1967. Within the past two years, Pennsylvania, New Jersey, Connecticut and Massachusetts joined the ranks.

As the competition between states grew stiffer, new twists and exotic prizes were added.

Semiannual drawings became monthly, biweekly and weekly drawings. Ticket prices were cut to 50 cents and top prizes varied from \$1 million cash to \$50,000 a year for life.

Officials say the weekly lottery has proven the most popular because lower ticket prices and weekly payoffs are more attractive to the bettor. Still, state lotteries failed to make an appreciable dent in the take of the numbers game.

"It would appear to me that, for the lottery to have any substantial impact on the illegal numbers business, you would need a drawing every day," said Edward F. Harrington, head of the Justice Department's Organized Crime Strike Force in New England.

"A drawing only once a week stimulates the bettor to deal with his bookmaker the other six days a week."

MRS. LENA WADDLE  
Mrs. Lena Waddle Evans, 81,  
a native of Sutton, in Nevada  
County, died Saturday in  
Shreveport following lengthy  
illness.

Survivors include three sons,  
Henry and Claude of Casa  
Grande, Arizona, and John of  
Shreveport; four daughters,  
Mrs. Betty Massey, Mrs. Joe  
Souter and Mrs. Marx Nezat,  
all of Shreveport; and Mrs. Bill  
Wray of Hope. Burial was in a  
Shreveport cemetery.

AMOS P. POWELL SR.  
Amos P. Powell, Sr., a  
longtime resident of Hamp-  
stead County, died Wednesday,  
Nov. 22, in Carthage, Tex. He  
was 85 years old.

Survivors include three  
daughters, four sons, and  
several grandchildren.

Funeral services will be held  
Saturday at 2 p.m. in the  
Herndon Chapel with burial at  
Mt. Nebo Cemetery under the  
direction of Herndon Funeral  
Home.

RUFUS H. SHEPHERD  
Rufus H. Shepherd, 80, of  
Macon, Miss., died Nov. 16. He  
was a Methodist, a Mason and  
veteran of World War I, having  
served eight years in the U.S.  
Navy.

Funeral services were  
conducted Nov. 18 at the  
Shuqualak Methodist Church,  
Shuqualak, Miss., Rev. C.L.  
Randle, pastor, was in charge  
of the services. Interment was  
in the Shuqualak Cemetery with  
Masonic Rites.

Surviving are his widow,  
Martha Lockler Shepherd, six  
sons, three daughters, local  
survivor is Mrs. Dale  
McKinney.

## Obituaries

NOVA BLAINE CANNON  
Mrs. Nova Blaine Cannon, 82,  
died Thursday. She is survived  
by a daughter, Mrs. Jack An-  
derson of McNab, one grandson  
and two great-grandsons.  
Funeral services will be at  
10:30 a.m. Saturday at the  
McNab Church of Christ with  
M.H. Peebles officiating. Burial  
will be in the Saratoga  
Cemetery under the direction of  
Herndon Funeral Home of  
Hope.

MISS EVA OWENS  
Miss Eva Owens, 88, died late  
Thursday. She was a long time  
resident of Hope and a member  
of the Methodist Church. She is  
survived by several nieces and  
nephews.

Funeral services will be at 2  
p.m. Friday in the Herndon  
Chapel with the Rev. Gordon  
Renshaw officiating. Burial will  
be in the Rosehill Cemetery  
under the direction of Herndon  
Funeral Home.

MRS. BEULAH CLARDY  
Funeral services for Mrs.  
Beulah Clardy who died Nov.  
19, will be held at the Methodist  
Church in Center point  
Saturday, Nov. 25, at 1: p.m.  
with burial in Center Point  
Cemetery under the direction of  
Hicks Funeral Home, Inc.

## TOPS Club winners named

At the meeting of Arkansas  
TOPS Club No. 94 on Nov. 20 at  
the Douglas Building, Carolyn  
Taylor was presented a charm  
pin for having obtained a 10  
pound weight loss. Team 2 was  
ahead in the Fruit Bowl Con-  
test, and Kay Chambliss won  
the Ha-Ha Box.

The Queen of the Week was  
Mae Meloy, who also led the  
song and pledge, conducted the  
business meeting in the absence  
of Linda Bell, and presented the  
program. The program was a  
contest with prizes going to  
these winners: Margaret Polk,  
Nina Anthony, Doris Walden,  
Betty Bain, Sheila Halsell, and  
Carolyn Taylor. Nineteen at-  
tended the meeting.

## Tragedy darkens a 'bright world'

SAN DIEGO, Calif. (AP) —  
The bright world of young Na-  
zario Aguilera, who was res-  
cued from blindness and pos-  
sible death by doctors, has  
been darkened again by trage-  
dy.

Reports from the interior of  
Mexico said three men, in-  
cluding Nazario's brother Eu-  
stacio, 28, died in the crash of a  
light plane that was to fly the  
boy's mother to a reunion with  
her son at a San Diego hospital.

The story began five months  
ago when 14-year-old Nazario,  
who had been suffering repeat-  
ed headaches, suddenly went  
blind. Relatives brought him  
out of the mountains to Ti-  
juana, where Dr. Patricia Dun-  
klee, head of the nonprofit med-  
ical organization Project Con-  
cern, diagnosed the problem as  
a brain tumor.

She brought the youngster to  
University Hospital in San  
Diego. Doctors here removed  
the tumor last week.

Nazario now can see large  
objects but doctors say they  
won't know until next month

whether he'll regain complete  
vision.

The boy said before the oper-  
ation that the first thing he  
wanted to see was "my family,  
my mother." A veteran pilot  
and flight instructor, Richard  
Kelly, 36, of nearby Oceanside,  
read of Nazario's wish and vol-  
unteered to make the 1,000-mile  
flight to the Sierra Madre  
mountain mining town of Topia  
along with a friend, Plean Do-  
ser, 38, also of Oceanside, and  
Eustacio Aguilera.

With their expenses paid by  
donations, the three men took  
off Tuesday for Topia. From  
there, Eustacio Aguilera and  
Kelly planned to proceed by  
foot or mule across 20 miles of  
mountain and jungle to the  
family farm.

The U.S. consulate in Monte-  
rey, Mexico, told the San Diego  
Evening Tribune Wednesday  
night that the plane had  
crashed that morning while try-  
ing to land at Topia in heavy  
rain and clouds. All three men  
aboard were killed.

## All Around Town

Robert J. Huber, owner of the  
Tolber Company of Hope, won  
the 18th District seat in  
Congress in Illinois. His wife is  
the former Polly Tolleson of  
Hope.

and all practicing physicians in  
Arkansas. For a brief time Dr.  
Crow practiced medicine in  
Hope before he, his wife and  
two children moved to Fort  
Smith.

Dr. Neil Crow of Ft. Smith,  
son of the F.C. Crow of Hope,  
has been elected president of  
the Caduceus Club of the U of A  
Med Center in Little Rock  
recently. This is an  
organization of U of A Med  
School graduates, faculty,  
present and former residents,

Gov. Dale Bumpers an-  
nounced today that Mrs. Ruth  
Jones of Hope has been ap-  
pointed circuit clerk for  
Hempstead County. She will fill  
the unexpired term of her  
brother, the late James Cole,  
who died this week.

## HAVE YOU SEEN THIS MAN?

This is Leif Lorenz, Registered Pharmacist, MEDIC-  
AID PHARMACY, 318 West Third, Hope.

He has just moved to Hope and opened a new business.  
Leif is a 1970 graduate of the University of Arkansas  
School of Pharmacy and a member of Rho Chi Phar-  
maceutical Fraternity.

His wife, Sally and son, Leif, Jr., will be moving to  
Hope soon. Sally attended State College of Arkansas and  
is a member of Beta Sigma Phi.

They invite you to stop in MEDIC-AID Pharmacy and  
get acquainted. Leif is enthused about the future of Hope  
and wants to be a part of a growing progressive city.

Between 8 a.m. and 4 p.m. Monday thru Friday

## Calendar of Events

p.m. in the home of Mrs. Hamilton Hanagan with Mrs. P.L. Perkins as co-hostess.

### Friday November 24

The Dorcas Sunday School class of the Garrett Memorial Baptist Church will meet in the home of Mrs. Dorsey Huckabee, Friday night, Nov. 24, at 7 p.m. All members are urged to attend.

Cub Scout Pack 62 will have a pack meeting Tuesday, Nov. 28 at 7 p.m. in the Boy Scout hut at Fair Park and will hold a Pinewood Derby race at that time.

### Saturday, November 25

Hope Country Club will have game night as scheduled Saturday, November 25. Call 5326 or 5557 by Friday to make your reservations.

### Wednesday, November 29

The Hope Council of Garden Clubs will have its second Dessert-Card Party at the Douglas Building Wednesday, November 29 from 1 to 3 p.m. Prizes are to be awarded at 3 p.m., and those wishing to continue playing until 4 p.m. are invited to stay. Tickets will be \$1.50 each and may be purchased from any member of the Rose, Lilac, Gardenia, or Iris Clubs or at the door.

### Tuesday, November 28

The Great Books Discussion Group will meet at St. Mark's Leonard House Tuesday November 28 at 7 p.m. to discuss "Oedipus Rex" and "Oedipus at Colonus" by Sophocles.

The Tina Ambassadors Sunday School Class of the Garrett Memorial Baptist Church will meet Tuesday at 7 p.m. in the home of Mrs. Ted Purtle.

### Thursday, November 30

The Hope Country Club Ladies Bridge-Lunch will be held Thursday, Nov. 30 at 12:30 p.m. with Mrs. Hillman Koen and Mrs. Jim Watson as hostesses. Reservations should be made by noon Nov. 29 by calling 777-4295, 777-5225, or 777-3647.

## LOSE WEIGHT OR MONEY BACK

Odrinex can help you become the trim slim person you want to be. Odrinex is a tiny tablet and easily swallowed. Contains no dangerous drugs. No starving. No special exercise. Get rid of excess fat and live longer. Odrinex has been used successfully by thousands all over the country for 14 years. Odrinex Plan costs \$3.25 and the large economy size \$5.25. You must lose ugly fat or your money will be refunded. No questions asked. Sold with this guarantee by:

## Helen Help Us!

by Helen Bottel

### Women in "Men's Clothing"

#### DEAR HELEN:

At 15, I stopped letting my mother help me shop for clothes. No self-respecting teenage boy would allow his female parent near the men's department when he looks for "new threads."

So why is it, Helen, that when an independent boy matures into a married man, he turns meek? How many men would dare buy a suit without their wives tagging along and giving orders?

Today my wife said, "Let's go shopping for your shoes this weekend." Even shoes, she doesn't trust me to buy alone! I have pretty good taste, having been a bachelor four years after leaving home. But no; she feels it her sacred duty to "save me from mistakes."

Yet if I insisted on choosing HER clothes, World War III might erupt in our bedroom.

How do you keep wives out of "Men's Clothing," Mrs. B.? — WOULD RATHER BUY IT MYSELF

DEAR WRBIM: Your wife might counter with the question: "How do you get husbands INTO 'Men's Clothing' unless you take their hands and lead them?" In average families, women are the shoppers, men the sufferers who put off clothes-buying until they're practically threadbare and then take the first items offered to get the agony over fast. (Well, anyway, that's what we women like to believe.)

If you aren't this type of man, rise up and say so! After all, you successfully banished your mother from the boys'

department. Have you Meekened so much since then?—H.

#### MRS. B.:

Someone recently criticized the sexual perversions and promiscuity rampant in this corrupt and carnal society called "America," and you so "cleverly" said, "What's that about casting the first stone?"

I know that your primary qualifications for the privilege you enjoy as a press "sage," is a fantastic egotism and an inflated ego, but why bring Christ into it? Don't weasel out of your stupid (so-called "non-condemning") but really ignorant, headed-for-hell-fire-liberalist opinions by quoting the Bible! If you were the kind of "helper" you'd tell the world how bad its people are!—W.S.

#### DEAR W.:

What's that about "love one another"?—H.

#### DEAR HELEN:

Here's an answer to "Curious" who wondered how spouses find time or energy for affairs. Maybe they aren't his type of family person. The men and women who find time to chase certainly aren't walking their dogs, playing with children, mowing the lawn or repairing the house—all those things "Curious" mentions.

Loving mates are too busy performing works of love. They may feel a bit curious, but they are seldom tempted beyond a few mild fantasies.—E.W.

#### DEAR HELEN:

Where do unfaithfuls get their energy? The last wonderful affair I had before marriage lasted several years and was with a 50-year-old married

man.

His executive job allowed him great flexibility of hours, and his 30-year marriage took a minimum of energy. Remember, too, affairs are frequently carried on at the office. Then there's the long lunch hour and of course the happy hour after work. Have "Curious" check some of the bars at 4:45 p.m.!

P.S. I have a greater marriage than most as I learned how to cope with people and situations BEFORE marriage.—JUDY

This column is dedicated to family living so if you're having trouble or just plain trouble, let Helen help YOU. She will also welcome your own amusing experiences. Write to Helen Bottel care of this newspaper.

## Davis-Flanigan engagement told

Mrs. Helen J. Davis of Hope announces the engagement and approaching marriage of her daughter Joan Davis to Alfred W. Flanigan of Magnolia. The wedding will be held Dec. 23 at 6 p.m. at the Garrett Chapel Baptist Church in Hope. Miss Davis is a graduate of

Yerger High School, and is a senior at Southern State College, Magnolia, majoring in Nursing. Mr. Flanigan is a 1972 graduate of Southern State and is presently employed in the Pine Bluff School System.

## Melrose Extension Homemakers meet

The Melrose Extension Homemakers Club met Tuesday, Nov. 14 in the home of Mrs. Vera Gough. The president, Mrs. Perry Henley, called the meeting to order, and all sang "America the Beautiful" and read the thought of the month.

The devotional message on love as based on 1 John 3:11-18, and Mrs. Delmer Wright presented it before she gave the eye-opener, "How to Make

Chenille Flowers." Mrs. Lyle Allen read an interesting article about the guidelines to use in determining whether to summon a physician at night.

Because of the absence of the safety leader, the topic of safety was used in a general discussion by the club members. Six answered the roll call with "Safety Measures I Practice."

Mrs. W.A. Powell told a true story, "Rainbows and Pots of Gold," in which an elderly Arkansas woman "invested" and lost her savings by dealing with people she knew nothing about. Mrs. Monroe Willis read a poem, "Sincerely Yours," and Mrs. Perry Henley discussed the importance of family togetherness.

Routine business took place, and plans were made for the Christmas meeting Dec. 12 in the home of Mrs. Lyle Allen. The Collect was used as a prayer to close the meeting. Sandwiches, cake and lemonade were served by Mrs. Gough.

### First Pitch

The earliest reference to the use of pitch for waterproofing is in the Bible. The Good Book says Noah used pitch, a natural form of asphalt, to seal the seams of the ark before the deluge covered the earth.

### Beeswax

Each cell of a honeycomb has six sides. The walls are 1/60th of an inch thick but can support 30 times their own weight.

## BETTY CANARY The Honeymoon Is Over When —

By BETTY CANARY

Personally, I am tired of hearing it from the Football Widows. Probably because I am the sort of person who continually counts her blessings. (We are all products of our environment, and I was brought up on two rules: Count your blessings! and Eat! Do you want to be a scarecrow? A scarecrow meant anybody under 200 pounds.)

My husband watches football on television when we are not attending the games. And, I'm glad. Being at a football game, either in the stadium or in the family room, means he hasn't made me a Fishing Widow or a Hunting Widow. (At least when he comes back to me he doesn't bring along a dead something to be skinned, scaled or eaten.)

I must mention that we're still holding hands while we watch the games. If the day comes when he holds out his hand and expects me not to squeeze it but to place yet another can of cold beer in it, then I'll know the honeymoon is over.

There are other indications the honeymoon is over, of course. A major checkpoint is:

Her saying, "Romance, shomance! I'm not freezing this winter!" Then buying a flannel nightgown and bed socks.

The honeymoon is definitely over when:

He orders his hamburger with onions without even asking if you're having onions.

She stops bothering with her contacts and wears her regular glasses all the time.

He stops talking about how feminine and darling it is, the way she's scared of electricity, and suggests she take the mechanics course down at the YWCA.

She starts dropping in at lunchtime at the old office—just in case they might want to ask her to come back during rush season.

He invites his brother to visit without asking if she'd planned for the weekend.

He joins a Friday night bowling league before asking if she's planned anything for the weekend.

He assumes she never has any plans at all.

## YOUR BIRTHDAY TODAY

You will be more in control of things you want for the future this year. Plan creatively for what you truly desire to accomplish in the months to come.

ARIES (Mar 21-Apr 19): You set the pace today. Others will be happy to follow, but don't take advantage.

TAURUS (Apr 20-May 20): Your mate could be annoyed over plans made without discussion. Things could get sticky, but they'll work out.

GEMINI (May 21-June 20): Trying to complete work at the last minute will be frustrating, fruitless. Relax. Enjoy the company of others.

CANCER (June 21-July 22): Leave the kids at home. Go shopping for some luxury items. Today, you can get some real bargains.

LEO (July 23-Aug 22): Plan to go where the action is. This is definitely not your day to be a homebody.

VIRGO (Aug 23-Sept 22): Your forte is working on some creative project today. Socializing won't be much fun.

LIBRA (Sept 23-Oct 23): Contacts can make available information to you today. Listen—it will be handy in the future.

SCORPIO (Oct 24-Nov 22): Being too severe with others will only bring you regrets today. Be understanding, sympathetic. It will be appreciated.

SAGITTARIUS (Nov 23-Dec 21): New methods are being developed that will help you in the future. Be secretive to prevent losing beneficial effects.

CAPRICORN (Dec 22-Jan 19): You may annoy a pal, but you must rectify an old problem as you see fit. Others will be willing to help you.

AQUARIUS (Jan 20-Feb 19): Acquaintances are ready to honor your requests and make agreements to help you. Keep demands moderate.

PISCES (Feb 20-Mar 20): A creative effort on which you've been working is going to receive deserved recognition and praise.

# ?: Who's at quarterback?

By HARRY KING  
Associated Press Writer  
LITTLE ROCK (AP) — At Fayetteville, Ark., there's a new twist to the "Who's On First" routine made famous years ago by Bud Abbott and Lou Costello.  
The question is, "Who's at quarterback?"

When Arkansas Coach Frank Broyles was asked who would be the Razorbacks' starting quarterback Saturday against Texas Tech at Lubbock, Tex., he said he was unsure.  
Coincidentally, that was the first thing Tech Coach Jim Carlen wanted to know when interviewed earlier in the week.

During the week, seniors Joe Ferguson and Walter Nelson practiced at quarterback along with sophomore Scott Bull and freshman Mike Kirkland.

Ferguson had started every game for two years until last week when Nelson opened at quarterback against SMU. Ferguson relieved Nelson late in the half, and he, in turn, was replaced by Bull in the closing minutes of the game. Each lost a fumbled snap from center in the Razorbacks' 22-7 loss to the Mustangs.

Against SMU, Arkansas lost six of nine fumbles and had two passes intercepted making a total of 18 turnovers in the last three games. It follows that the Razorbacks have lost all three games.

SMU traveled 28, 23 and 25 yards for its touchdowns. The longest scoring drive against Arkansas in the last three games has been 39 yards by Rice.

"It's a little eerie, how things happen," Broyles said. "I hope in the last three ball games we got it all out of our system forever."

"Nobody's found the secret to coaching against fumbles. It seems to go in cycles. Sometimes it pops right back to you."

Broyles says it is possible the emphasis guarding against mistakes has worked in reverse.

"Sometimes the harder you work against turnovers, the more pressure it applies," he said. "It's just like when you go out to protect yourself, you're liable to get hurt."

In addition to fumbles near the line of scrimmage, the Razorbacks have fumbled several times on kick returns in recent weeks.

Teddy Barnes, a freshman, returned a couple of punts in the second half against SMU and either he or senior cornerback Louis Campbell will probably be the deep man Saturday. Tailback Dickey Morton may get the call on kickoff returns.  
A good guess would be that

Bull would see plenty of action at quarterback since Arkansas is to the point where it must plan for the future and Kirkland probably has not had enough experience.

Bull, a quarterback in high school, has played tight end, fullback and safety in his career at Arkansas. He's 6-foot-5, weighs 205 pounds and showed his competitive attitude against SMU by handing off to Morton and then turning upfield to throw a block that sprung Morton for an additional five yards.

Sun Bowl-bound Tech is 8-2 for the season and can wrap up undisputed second-place in the Southwest Conference with a victory. Arkansas, which has lost four of its last five, is 5-5 for the season and needs a victory to escape the conference cellar.

"The players realize that this game decides whether we have a winning or losing season," Broyles said. "They've never let up in effort. They deserve better."

## Bruins shoot for 46th win

By THE ASSOCIATED PRESS

Another college basketball season gets under way this weekend and right off the bat the UCLA Bruins, the national champions, go after their 46th straight victory.

Picked to win their seventh consecutive national crown in the Associated Press preseason poll, the charges of Coach Johnny Wooden open at home Saturday night against Wisconsin of the Big Ten.

A victory by the Badgers would be an astounding upset like the 71-69 victory Houston chalked up several years ago snapping the Bruins' winning streak at 47.

Now the Bruins again are within hailing distance of the all-time collegiate winning streak of 60 set by San Francisco back in 1955.

## 'Skins got a Thanksgiving present

By DENNE H. FREEMAN  
Associated Press Sports Writer

DALLAS (AP) — George Allen and his Washington Redskins, sitting all comfy in their living rooms, were the recipients of a Thanksgiving Day present from San Francisco, which shattered a succession of jinxes with a 31-10 rout of defending Super Bowl champion Dallas.

Of course, the 49ers had purely selfish motives as they surged a half game ahead of Los Angeles in the National Conference West with the sweet victory on a 6-4-1 record.

However, the Redskins can clinch the host spot in the NFC East with victories in two out of their last four games, leaving the Cowboys to scramble for the "wild card" berth.

Dallas is 8-3 and 1½ games behind the Redskins. The "wild card" spot in the National Football League playoffs is given to the division runnerup with the best record. Right now, that's Dallas in the NFC.

In Thursday's other NFL clash, Detroit quarterback Greg Landry tossed for one touchdown and scored two others on quarterback sneaks as the Lions beat the New York

Jets 37-20. The expected passing duel between Landry and New York's Joe Namath never materialized as three players broke 100 yards rushing—Albie Taylor of the Lions and John Riggins and Cliff McClain of the Jets.

Taylor scored on a 38-yard touchdown run with 1:49 left after linebacker Charlie Weaver intercepted a Namath pass.

San Francisco linebacker Skip Vanderbunt ran 73 yards with a recovered fumble and 21 yards with an intercepted pass for touchdowns and quarterback Steve Spurrier turned in a poised performance as the 49ers blasted the Cowboys.

It was the first victory for 49er Coach Dick Nolan over Landry, his former boss and old teammate, and marked the first time in 15 games Dallas had lost in Texas Stadium, its plush \$21 million football palace.

With Dallas leading 7-0 and driving, Dave Wilcox and Vanderbunt teamed for a spectacular play that turned the nationally televised game around in the second quarter.

Wilcox clobbered Cowboy quarterback Craig Morton.

Vanderbunt said, "The ball took one bounce and there it was. I just scooped it up and ran. It may have looked as if I

was trotting, but I was running for my life."

Spurrier, playing in place of the injured John Brodie, hit 16 of 24 passes for 177 yards, including a 12-yard touchdown pass to tight end Ted Kwalick.

Spurrier took the 49ers on a 94-yard touchdown drive to open the third quarter and hit eight consecutive passes in one stretch.

## Solunar Tables

The schedule of Solunar Periods, as printed below, has been taken from Richard Alden Knight's SOLUNAR TABLES. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

Date	Day	A.M.		P.M.	
		Minor	Major	Minor	Major
Nov. 24	Friday	7:40	2:00	8:10	2:30
25	Saturday	8:45	3:00	9:10	3:30
26	Sunday	9:45	3:55	9:55	4:30

## Three magic numbers

By THE ASSOCIATED PRESS  
The magic numbers in pro basketball Thanksgiving night were 42, 33 and 32.

Charlie Scott threw in 42 points for Phoenix as the Suns beat Detroit 128-122 and snapped a five-game losing streak in the National Basketball Association.

Walt Bellamy scored 33 points in leading Atlanta over Seattle 110-97 in another NBA game. George Irvine tallied a career high of 32 points in sparking Virginia over Carolina 116-106 in the American Basketball

Association.  
They were the only holiday games scheduled in the two pro circuits.

Scott scored 26 of his points in the second half including several key baskets when the Pistons pulled within four points of the Suns late in the game. Curtis Rowe topped Detroit with 26.

Led by Bellamy, the Hawks opened a 15-point lead at 90-75 in turning back the Super-Sonics. Spencer Haywood was high for the losers with 29.

Best game  
ATHENS, Ga. (UPI) — Gen. Carter Townsend of the U.S. Army played college football at Georgia in the early 1930s and his best game was against Southern California in 1931.

Townsend played tackle and blocked or caused the Trojans' kicker to miss three extra points. The final score: Southern Cal 60, Georgia 0.

Left fielder Pete Rose of the Cincinnati Reds has hit above .300 the last eight years.

## Lowry finally hits for a TD

By JACK KEEVER  
Associated Press Writer  
AUSTIN, Tex. (AP) — Texas quarterbacks in recent years have always run first and passed second—if at all. But Alan Lowry was carrying that philosophy to ridiculous extremes.

The senior signal caller had not hit a touchdown pass all year until Thursday night, when he fired a 10-yard scoring strike to Julius Whittier in Texas' 38-3 victory over Texas A&M.

It climaxed a 9-1 season for the seventh-ranked Texas Longhorns, who will meet No. 2 Alabama in the Cotton Bowl at Dallas on Jan. 1.

Texas' lone loss was 27-0 to No. 4 Oklahoma, a Sugar Bowl team, at midseason.

The Longhorns already had clinched their fifth consecutive Southwest Conference title and the host spot in the Cotton Bowl by beating Texas Christian last Saturday.

They have lost the bowl game the last two years—No. 1 Notre Dame, breaking a 30-game

Texas winning streak, and to Penn State.  
Asked about his touchdown pass, Lowry, a converted all-Southwest Conference defensive halfback, said: "I thought I was going to go all year without throwing one. I might have been the first quarterback to go a whole year without throwing a touchdown pass."

Only 46 seconds were left in the first half when Lowry, a 188-pounder, zipped a pass to Whittier, who clutched in the midst of several Aggie defenders and fell into the end zone to give Texas a 14-3 lead.  
"I'm as proud of this team as any we've had," said Texas Coach Darrell Royal. "It doesn't have as much outright talent as some of the others, but it has played as a team, hung together with great morale."

The Wolverines have already clinched a share of the Big Ten title, with a 7-0 mark, but need either a win or a tie Saturday to gain the Rose Bowl berth. If Ohio State wins the nationally televised contest, the Buckeyes will tie Michigan for the Big Ten crown and earn the trip to Pasadena.

Oklahoma, meanwhile, gained a measure of revenge by coming from a 14-0 deficit to defeat Nebraska 17-14.

In last year's Turkey Day classic, No. 1 Nebraska outscored No. 2 Oklahoma 35-31 at Norman, Okla. and went on to the national championship. The visiting team won again this year, as the fourth-ranked Sooners toppled the fifth-ranked Cornhuskers, who had been favored by about a touchdown.

Defenses dominated the first half, with the only score coming as a result of a fumble. Oklahoma's Kenneth Pope couldn't handle a Nebraska punt, the Cornhuskers recovered, and went on to score on a 14-yard run by Bill Olds.

Another fumbled punt set up Nebraska's other touchdown. In the third period, Jerry List of Nebraska took the ball away from Oklahoma's Joe Wylie on the Sooner 24, and Dave Goeller scored from the one.

In the other big Turkey Day battle, Cotton Bowl-bound Texas overpowered traditional rival Texas A&M 38-3 as quarterback Alan Lowry threw his first touchdown pass of the season and ran for two more scores to lead the Longhorns

# Chiefs are flops of 72

By HUBERT MIZELL  
Associated Press Sports Writer  
NEW YORK (AP) — Kansas City's Chiefs, who've spent so many Christmases playing football, may get to spend the holidays under the mistletoe.

And, they'll hate it. The Chiefs are the National Football League's leading flops of 1972 with a 5-5 record and a loss Sunday against the Oakland Raiders will almost erase any playoff hopes.

The choice here is for a 33-21 Raider victory. Vaulting Oakland into a 2-game lead in the American Conference Western Division with three weeks to play.

Washington is a 21-10 pick to blunt Green Bay's comeback, spiraling the Packers back into a three-team shootout with Detroit and Minnesota in the National Conference Central.

The Lions trail the Pack by a half game after smashing the New York Jets 37-30 in a Thanksgiving Day game and

the Vikings are one notch behind. Washington should win its eighth straight, the longest string of victories since Franklin D. Roosevelt shared the capital with the Redskins.

Minnesota outgunned Los Angeles 45-41 last week, with Pittsburgh's defense to rebound and whip the Vikings 17-14.

Unbeaten Miami will have to suffer the letdown of the year to keep from going 11-0 against St. Louis is what appears to be a Monday night television mismatch at the Orange Bowl. It's the Dolphins to do it by 24-16.

With a 35-21 prediction record, a .723 percentage, here's our calls on the other seven games scheduled Sunday in the NFL:

Colts 24, Patriots 14. Two in a row for "new era" Baltimore, Chargers 26, Oilers 10

Browns 24, Bills 17

Giants 24, Eagles 7

Falcons 17, Broncos 10

Rams 26, Saints 7

Bengals 14, Bears 7

# Wildcats upset rival in T-Day game

By THE ASSOCIATED PRESS  
Bruce Woodridge, widely regarded as one of the best pass catchers in Arkansas high school football this year, showed another talent Thursday and it helped North Little Rock Ole Main to the state Class AAAA football title.

The Wildcats beat Little Rock Catholic 7-6 in their annual Thanksgiving Day battle, with the toe of Arvis Harper providing the winning margin.

In another annual Turkey Day rivalry in Class AAAA, LR Hall came from behind to top LR Central 10-7 to remain No. 2 in the classification.

Ole Main became the first team to get through the Class AAAA schedule unbeaten and untied since the league was formed in 1967.

While Harper's kick provided the winning margin, it was Woodridge who provided the touchdown that made Harper's extra point kick possible. He took a punt and returned it un-

touched for 75 yards down the left sideline to score a touchdown with 33 seconds left in the first half.

Catholic battled back in the closing minutes, moving 80 yards for a touchdown, most of

it on a 42-yard pass play from quarterback Ricky Kyle to Mark Niehouse for the TD with 1:32 left in the game.

Before the extra point attempt, the Rockets were penalized five yards for delay of

game. Then Kyle's pass attempt for a two-point conversion was intercepted by junior linebacker Glenn Hagen.

However, the Rockets attempted an onside kick, and recovered at the Ole Main 49

with 1:01 to play. But three players later, another junior linebacker, Jackie Higgins, intercepted another Kyle pass at the Ole Main 27.

Tailback Charles Walker ground out 36 yards on 22 car-

ries for Ole Main. Fullback Duke Briley picked up 66 yards on 19 carries.

Central took a 7-0 lead over Hall when Will Robinson took a pitchout from quarterback Ralph Bradbury and then threw to his brother, Eddie Robinson, who made a diving catch for a 23-yard touchdown play. David Rowe kicked the extra point with 0:08 left in the first quarter.

The Warriors did not score until 6:06 was left in the third quarter. Ken Smith got the score on an end sweep from 10 yards out and Greg Martin kicked the extra point.

## Bruins extend win streak on holiday

By DAVE O'HARA  
Associated Press Sports Writer  
BOSTON (AP) — Thanksgiving Day is a time to be thankful, and the Boston Bruins have offered their thanks for victories the last eight years they have played on the holiday.

The Bruins posted their fourth consecutive victory and extended their record to 6-1-1 in the last eight games by defeating the California Golden Seals 4-2 Thursday night before the usual packed crowd of 15,003 at the Boston Garden.

The Bruins built a 3-1 lead on a pair of goals by superstar

Bobby Orr and one by rookie Gregg Sheppard, but had to survive a scare as the Seals came to life in the third period of the National Hockey League game.

In the only other NHL game Thursday night, the Buffalo Sabres came from behind to defeat the New York Rangers 5-3, the first time Buffalo has beaten New York in the three years the Sabres have been in the league.

In World Hockey Association play, Chicago trounced Ottawa 8-1, Minnesota nipped Los Angeles 4-3 and Houston edged Winnipeg 6-5 in overtime.

The Seals were out-shot 30-18, but played the Bruins even in the third period. They drew within one goal as Rick Smith, a former Bruin, was credited with a tally on a shot which was blocked, the puck falling behind goalie Eddie Johnston.

However, the Bruins pulled out of danger with less than 1 1/2 minutes to play as Mike Walton

was credited with a tally, Smith accidentally poking the puck into his own net.

The Sabres came up with three goals in the third period to defeat the Rangers.

With the Rangers leading 3-2, Rene Robert scored on a 35-footer to tie the score, then Gerry Meehan put the Sabres ahead with a goal with five minutes to play. Don Luce added the final goal, his second of the game, into an open net in the final minute.

Dan Lodboa started the rout for Chicago with a goal in the first 30 seconds, and before Ottawa could get on the board the Cougars were ahead 5-0.

Wayne Connelly's unassisted goal early in the second period was decisive for Minnesota, which built up a 4-0 lead and then had to withstand Los Angeles' charge. Mike Curran, the Minnesota goalie, had to make 34 saves in the final two periods.

Keke Mortson netted his

fourth goal of the year with 4:03 gone by in the 10-minute overtime for Houston's victory.

The Jets had taken a 4-2 lead with four goals in the second period, but the Aeros came back with a trio of goals in the third frame to go ahead 5-4 before Bobby Hull tied the score for Winnipeg at 16:52, sending the game into the overtime.

## Duck season to open

Duck season opens Saturday, Nov. 25 and will run through Jan. 13, 1973. The limit for 72-73 is four ducks per day and the entire bag can be made up of mallards. The daily bag may not include more than two wood ducks and hunters may not take canvasbacks and redheads this year.

All duck hunters age 16 and older must have a valid Arkansas hunting license and a federal migratory bird stamp (duck stamp). All hunters using shotguns with a capacity of four or more shells must have the gun plugged to reduce the total capacity to not more than three shots, and the plug must be of such design as to require that the gun be dismantled before the plug can be removed.

Reports from the U.S. Bureau of Sport Fisheries and Wildlife indicate that some mallards have already moved into Arkansas, but the bulk of the migration is still to the north with about one-half million mallards still in Illinois and Missouri.

## HSC uses errors to win

ARKADELPHIA, Ark. (AP) — Outgained by the visitors, Henderson State College used three interceptions and three fumble recoveries to roll to a 34-8 football triumph over Austin-Peay of Clarksville, Tenn., here Thursday.

One of the fumble recoveries turned into an instant touchdown when it was scooped up by defensive end Calvin Johnson, who ran 65 yards to the Austin-Peay end zone.

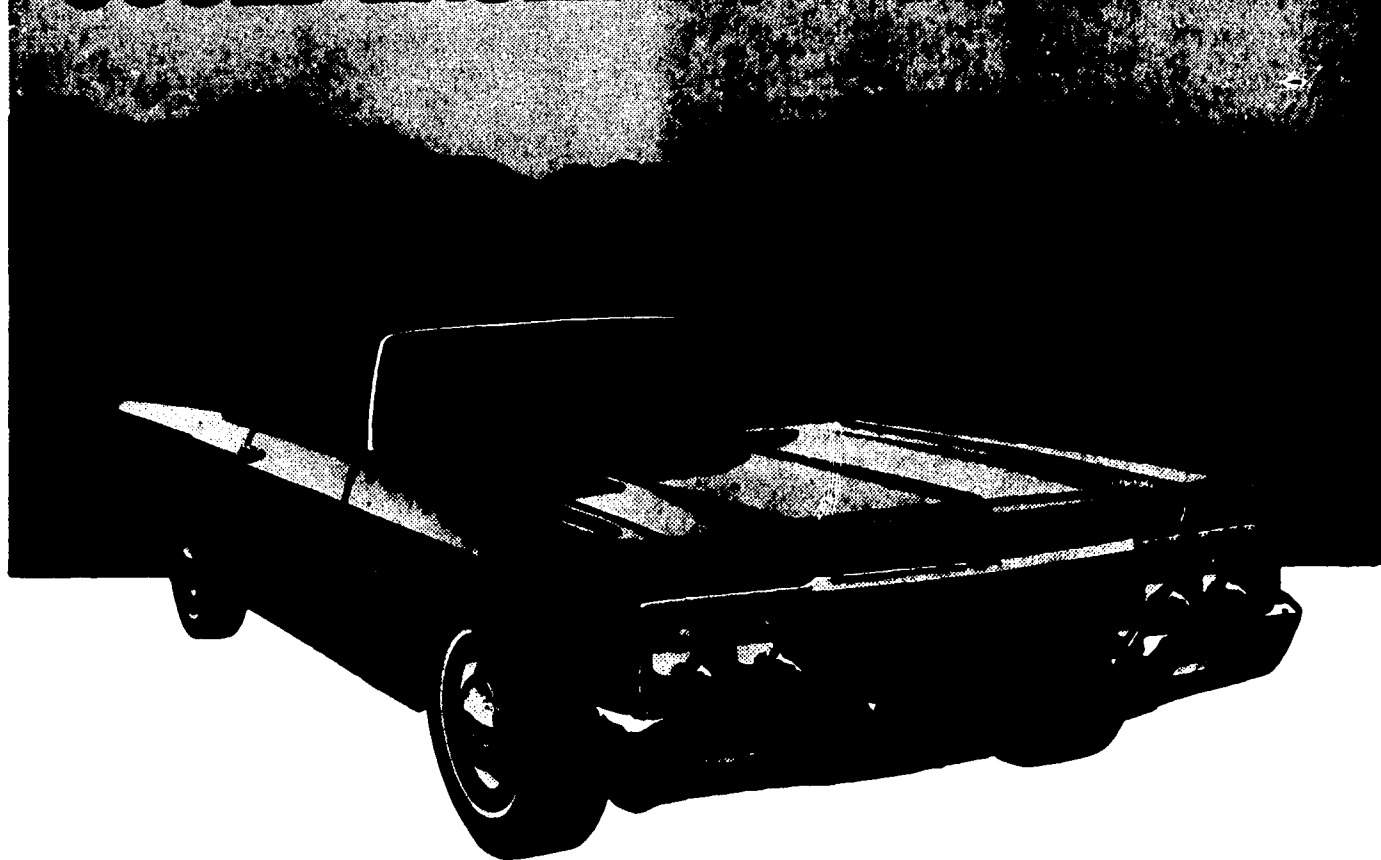

Earlier, quarterback Terry Blaylock had passed 10 yards to tight end John Ford for one touchdown and had run 13

yards for another. Flanker Bruce Waters ran one yard for another Henderson TD in the first half. Johnson's run came with 40 seconds left in the second quarter.

After Lewis Pryor ran six yards for the last Henderson tally in the third quarter, Steve Chandelier ran two yards for an Austin-Peay touchdown and quarterback Rick Chisacophel passed to Mike Akers for the two-point conversion.

Austin-Peay rushed for 155 yards and passed for 205 while Henderson gained 231 on the ground and 33 by passing.

## SPEND A FEW MINUTES WITH US AND YOUR BIG-CAR DECISION COULD EASILY BE A CHRYSLER

Buying a big-car should by no means be a snap decision. But we think that if you spend just a few minutes with our 1973 Chrysler Newport, you'll find more than enough reasons to move up the Chrysler way. This car has been engineered with extra care. To bring you new features like standard electronic ignition, and an electronic digital clock you can order. Proven

## LEGAL NOTICE

## ORDINANCE NO. 897

## SEWER USE ORDINANCE

**AN ORDINANCE REGULATING THE USE OF PUBLIC AND PRIVATE SEWERS AND DRAINS, PRIVATE SEWAGE DISPOSAL, THE INSTALLATION AND CONNECTION OF BUILDING SEWERS, AND THE DISCHARGE OF WASTES INTO THE PUBLIC SEWER SYSTEM: AND PROVIDING PENALTIES FOR VIOLATIONS THEREOF: IN THE CITY OF HOPE, HEMPSTEAD COUNTY, STATE OF ARKANSAS.**

Be it ordained and enacted by the Board of Directors of the CITY OF HOPE, STATE OF ARKANSAS as follows:

## ARTICLE I

**Definitions**  
Unless the context specifically indicates otherwise, the meaning of terms used in this ordinance shall be as follows:

SEC. 1 "BOD" (denoting Biochemical Oxygen Demand) shall mean the quantity of oxygen utilized in the biochemical oxidation of organic matter under standard laboratory procedure in five (5) days at 20 degrees C. expressed in milligrams per liter.

SEC. 2 "Building Drain" shall mean that part of the lowest horizontal piping of a drainage system which receive the discharge from soil, waste, and other drainage pipes inside the walls of the building and convey it to the building sewer, beginning five (5) feet (1.5 meters) outside the inner face of the building wall.

SEC. 3 "Building Sewer" shall mean the extension from the building drain to the public sewer or other place of disposal.

SEC. 4 "Combined Sewer" shall mean a sewer receiving both surface run-off and sewage.

SEC. 5 "Garbage" shall mean solid wastes from the domestic and commercial preparation, cooking, and dispensing of food, and from the handling, storage, and sale of produce.

SEC. 6 "Industrial Wastes" shall mean the liquid wastes from industrial manufacturing processes, trade, or business as distinct from sanitary sewage.

SEC. 7 "Natural Outlet" shall mean any outlet into a water course, pond, ditch, lake, or other body of surface or groundwater.

SEC. 8 "Person" shall mean any individual, firm, company, association, society, corporation or group.

SEC. 9 "pH" shall mean the logarithm of the reciprocal of the weight of hydrogen ions in grams per liter of solution.

SEC. 10 "Properly Shredded Garbage" shall mean the wastes of the preparation, cooking, and dispensing of food that have been shredded to such a degree that all particles will be carried freely under the flow conditions normally prevailing in public sewers, with no particles greater than one-half (1/2) inch (1.27 centimeters) in dimension.

SEC. 11 "Public Sewer" shall mean a sewer in which all owners of abutting properties have equal rights, and is controlled by public authority.

SEC. 12 "Sanitary Sewer" shall mean a sewer which carries sewage and to which storm, surface, and ground waters are not intentionally admitted.

SEC. 13 "Sewage" shall mean a combination of the water-carried wastes from residences, business buildings, institutions, and industrial establishments, together with such ground, surface, and stormwaters as may be present.

SEC. 14 "Sewage Treatment Plant" shall mean any arrangement of devices and structures used for treating sewage.

SEC. 15 "Sewage Works" shall mean all facilities for collecting, pumping, treating, and disposing of sewage.

SEC. 16 "Sewer" shall mean a pipe or conduit for carrying sewage.

SEC. 17 "Shall" is mandatory; "May" is permissive.

SEC. 18 "Slug" shall mean any discharge of water, sewage or industrial waste which in concentration of any given

constituent or in quantity of flow exceeds for any period of duration longer than fifteen (15) minutes more than five (5) times the average twenty-four (24) hour concentration of flows during normal operation.

SEC. 19 "Storm Drain" (sometimes termed "storm sewer") shall mean a sewer which carries storm and surface waters and drainage, but excludes sewage and industrial wastes, other than unpolluted cooling water.

SEC. 20 "Superintendent" shall mean the Superintendent of Sewage Works of the City of Hope, or his authorized deputy, agent or representative.

SEC. 21 "Suspended Solids" shall mean solids that float on the surface of, or are in suspension in water, sewage, or other liquids, and which are removable by laboratory filtering.

SEC. 22 "Watercourse" shall mean a channel in which a flow of water occurs, either continuously or intermittently.

## ARTICLE II

## Use Of Public Sewers

**Required**  
SEC. 1 It shall be unlawful for any person to place, deposit, or permit to be deposited in any unsanitary manner on public or private property within the City of Hope, or in any area under the jurisdiction of said city, any human or animal excrement, garbage, or other objectionable waste.

SEC. 2 It shall be unlawful to discharge to any natural outlet within the City of Hope or in any area under the jurisdiction of said city, any sewage or other polluted waters, except where suitable treatment has been provided in accordance with subsequent provisions of this ordinance.

SEC. 3 Except as hereinafter provided, it shall be unlawful to construct or maintain any privy, privy vault, septic tank, cesspool, or other facility intended or used for the disposal of sewage.

SEC. 4 The Owner of all houses, buildings, or properties used for human occupancy, employment, recreation, or other purposes, situated within the city and abutting on any street, alley, or right-of-way in which there is now located or may in the future be located a public sanitary or combined sewer of the city, is hereby required at his expense to install suitable toilet facilities therein, and to connect such facilities directly with the proper public sewer in accordance with the provisions of this ordinance, within sixty (60) days after date of official notice to do so, provided that said public sewer is within three hundred (300) feet of the property line.

## ARTICLE III

## Private Sewage

**Disposal**  
SEC. 1 Where a public sanitary or combined sewer is not available under the provision of Article II, Section 4, the building sewer shall be connected to a private sewage disposal system complying with the provisions of this article.

SEC. 2 Before commencement of construction of a private sewage disposal system, the owner shall first obtain a written permit signed by the Superintendent. The application for such permit shall be made on a form furnished by the city, which the applicant shall supplement by any plans, specifications, and other information as are deemed necessary by the Superintendent. A permit and inspection fee of \$1.50 shall be paid to the city at the time the application is filed.

SEC. 3 A permit for a private sewage disposal system shall not become effective until the installation is completed to the satisfaction of the Superintendent. He shall be allowed to inspect the work at any stage of construction and, in any event, the applicant for the permit shall notify the Superintendent when the work is ready for final inspection, and before any underground portions are covered. The inspection shall be made within forty-eight (48) hours of the receipt of notice by the Superintendent.

SEC. 4 The type, capacities, location and layout of a private sewage disposal system shall comply with all recommendations of the Department of Public Health of the State of Arkansas. No permit shall be issued for any private sewage disposal system employing subsurface soil absorption facilities where the area of the lot is less than 15,000 square feet. No septic tank or cesspool

shall be permitted to discharge to any natural outlet.

SEC. 5 At such time as a public sewer becomes available to a property served by a private sewage disposal system, as provided in Article III, Section 4, a direct connection shall be made to the public sewer in compliance with this ordinance, and any septic tanks, cesspools, and similar private sewage disposal facilities shall be abandoned and filled with suitable material.

SEC. 6 The owner shall operate and maintain the private sewage disposal facilities in a sanitary manner at all times, at no expense to the city.

SEC. 7 No statement contained in this article shall be construed to interfere with any additional requirements that may be imposed by the Health Officer.

SEC. 8 When a public sewer becomes available, the building sewer shall be connected to said sewer within sixty (60) days and the private sewage disposal system shall be cleaned of sludge and filled with clean bank-run gravel or dirt.

## ARTICLE IV

## Building Sewers and

## Connection

SEC. 1 No authorized person shall uncover, make any connections with or opening into, use, alter, or disturb any public sewer or appurtenance thereof without first obtaining a written permit from the Superintendent.

SEC. 2 There shall be two (2) classes of building sewer permits: (a) for residential and commercial service, and (b) for service to establishments producing industrial wastes. In either case, the owner or his agent shall make application on a special form furnished by the city. The permit application shall be supplemented by any plans, specifications, or other information considered pertinent in the judgment of the Superintendent. A permit and inspection fee of \$1.50 for a residential or commercial building sewer permit and \$5.00 for an industrial building sewer permit shall be paid to the city at the time the application is filed.

SEC. 3 All costs and expense incident to the installation and connection of the building sewer shall be borne by the owner. The owner shall indemnify the city for any loss or damage that may directly or indirectly be occasioned by the installation of the building sewer.

SEC. 4 A separate and independent building sewer shall be provided for every building; except where one building stands at the rear of another building on an interior lot and no private sewer is available or can be constructed to the rear building through an adjoining alley, court, yard, driveway, the building sewer from the front building may be extended to the rear building and the whole considered as one building sewer.

SEC. 5 Old building sewers may be used in connection with new buildings only when they are found, on examination and test by the Superintendent, to meet all requirements of this ordinance.

SEC. 6 The size, slope, alignment, materials or construction of a building sewer, and the methods to be used in excavating, placing of the pipe jointing, testing, and backfilling the trench, shall all conform to the requirements of the building and plumbing code or other applicable rules and regulations of the city. In the absence of code provisions or in amplification thereof, the materials and procedures set forth in appropriate specifications of the A.S.T.M. and W.P.C.F. Manual of Practice No. 9 shall apply.

SEC. 7 Whenever possible, the building sewer shall be brought to the building at any elevation below the basement floor. In all buildings in which any building drain is too low to permit gravity flow to the public sewer, sanitary sewage carried by such building drain shall be lifted by an approved means and discharged to the building sewer.

SEC. 8 No person shall make connection of roof downspout, exterior foundation drains, areaway drains, or other sources of surface runoff or groundwater to a building sewer or building drain which in turn is connected directly or indirectly to a public sanitary sewer.

SEC. 9 The connection of the building sewer into the public

sewer shall conform to the requirements of the building and plumbing code or other applicable rules and regulations of the city, or the procedures set forth in appropriate specifications of the A.S.T.M. and the W.P.C.F. Manual of Practice No. 9. All such connections shall be made gastight and watertight. Any deviation from the prescribed procedures and materials must be approved by the Superintendent before installation.

SEC. 10 The applicant for the building sewer permit shall notify the Superintendent when the building sewer is ready for inspection and connection to the public sewer. The connection shall be made under the supervision of the Superintendent or his representative.

SEC. 11 All excavations for building sewer installation shall be adequately guarded with barricades and lights so as to protect the public from hazard. Streets, sidewalks, parkways, and other public property disturbed in the course of the work shall be restored in a manner satisfactory to the city.

## ARTICLE V

## Use of the Public

## Sewers

SEC. 1 No person shall discharge or cause to be discharged any stormwater, surface water, groundwater, roof runoff, subsurface drainage, uncontaminated cooling water, or unpolluted industrial process waters to any sanitary sewer.

SEC. 2 Stormwater and all other unpolluted drainage shall be discharged to such sewers as are specifically designated as combined sewers or storm sewers, or to a natural outlet approved by the Superintendent. Industrial cooling water or unpolluted process waters may be discharged, on approval of the Superintendent, to a storm sewer, combined sewer, or natural outlet.

SEC. 3 No person shall discharge or cause to be discharged any of the following described waters or wastes to any public sewers:

(a) Any gasoline, benzene, naphtha, fuel oil, or other flammable or explosive liquid, solid, or gas.

(b) Any waters or wastes containing toxic or poisonous solids, liquids, or gases in sufficient quantity, either singly or by interaction with other wastes, to injure or interfere with any sewage treatment process, constitute a hazard to humans or animals, create a public nuisance, or create any hazard in the receiving waters of the sewage treatment plant, including but not limited to cyanides in excess of two (2) mg-l as CN in the wastes as discharged to the public sewer.

(c) Any waters or wastes having a pH lower than 6.0 or having any other corrosive property capable of causing damage or hazard to structures, equipment, and personnel of the sewage works.

(d) Solid or viscous substances in quantities or of such size capable of causing obstruction to the flow in sewers, or other interference with the proper operation of the sewage works such as, but not limited to, ashes, cinders, sand, mud, straw, shavings, metal, glass, rags, feathers, tar, plastics, wood, unground garbage, whole blood, paunch manure, hair and fleshings, entrails and paper dishes, cups, milk containers, etc., either whole or ground by garbage grinders.

(e) Any waters or waste containing heavy metals and similar objectionable or toxic substances, or wastes exerting an excessive chlorine requirement, to such degree that any such material received in the composite sewage at the sewage treatment works exceeds the limits established by the Superintendent for such materials. Heavy metals include the following: Antimony, Arsenic, Barium, Beryllium, Bismuth, Boron, Cadmium, Chromium (Hexa), Chromium (tri), Cobalt, Copper, Iron, Lead, Manganese, Mercury, Molybdenum, Nickel, Rhodium, Selenium, Silver, Strontium, Tellurium, Tin, Uranium, Zinc.

(f) Any waters or wastes containing strong acid iron pickling wastes, or concentrated plating solutions whether neutralized or not.

(g) Any waters or wastes containing phenols or other taste or odor producing substances, in such concentration exceeding limits which may be established by the Superintendent as necessary, after

treatment of the composite sewage, to meet the requirements of the State, Federal, or other agencies of jurisdiction for such discharge to the receiving waters.

(h) Any radioactive wastes or isotopes of such half-life or concentration as may exceed limits established by the Superintendent in compliance with applicable State or Federal regulations.

SEC. 4 No person shall discharge or cause to be discharged the following described substances, materials, waters, or wastes, if it appears likely in the opinion of the Superintendent that such wastes can harm either the sewers, sewage treatment process, or equipment, have an adverse effect on the receiving stream or can otherwise endanger life, limb, public property, or constitute a nuisance. If forming his opinion as to the acceptability of these wastes, the Superintendent will give consideration to such factors as the quantities of subject wastes in relation to flows and velocities in the sewers, materials of construction of the sewers, nature of the sewage treatment process, capacity of the sewage treatment plant, degree of treatability of wastes in the sewage treatment plant, and other pertinent factors. The substances prohibited are:

(a) Any liquid or vapor having a temperature higher than one hundred fifty (150) degrees F (65) degrees C.

(b) Any water or waste containing fats, wax, grease, or oils, whether emulsified or not, in excess of one hundred (100) mg-l or containing substances which may solidify or become viscous at temperatures between thirty-two (32) and one hundred fifty (150) degrees F (0 and 65 degrees C).

(c) Any garbage that has not been properly shredded. The installation and operation of any garbage grinder, equipped with a motor of three-fourths (3/4) horsepower (0.76 hp metric) or greater shall be subject to the review and approval of the Superintendent.

(d) Any waters or wastes having a pH in excess of 9.0.

(e) Materials which exert or cause:

(1) Unusual concentrations of inert suspended solids (such as, but not limited to, Fullers earth, lime slurries, and lime residues) or of dissolved solids (such as, but not limited to, sodium chloride and sodium sulfate).

(2) Excessive discoloration (such as, but not limited to, dye wastes and vegetable tanning solution).

(3) Unusual BOD, chemical oxygen demand, or chlorine requirements in such quantities as to constitute a significant load on the sewage treatment works.

(4) Unusual volume of flow or concentration of wastes constituting "slugs" as defined herein.

(f) Waters or wastes containing substances which are not amenable to treatment or reduction by the sewage treatment processes employed, or are amenable to treatment only to such degree that the sewage treatment plant of effluent cannot meet the requirements of other agencies having jurisdiction over discharge to the receiving waters.

SEC. 5 If any waters or wastes are discharged, or are proposed to be discharged to the public sewers, which waters contain the substances or possess the characteristics enumerated in Section 4 of this Article, and which in the judgment of the Superintendent may have a deleterious effect upon the sewage works, processes, equipment, or receiving waters, or which otherwise create a hazard to life or constitute a public nuisance, the Superintendent may:

(a) Reject the wastes.

(b) Require pre-treatment to an acceptable condition for discharge to the public sewers.

(c) Require control over the quantities and rates of discharge and - or:

(d) Require payment to cover the added cost of handling and treating the wastes not covered by existing taxes or sewer charges under the provisions of Section 10 of this article.

If the Superintendent permits the pre-treatment or equalization of waste flows, the design and installation of the plants and equipment shall be subject to the review and approval of the Superintendent, and subject to the requirements

of all applicable codes, ordinances, and laws.

SEC. 6 Grease, oil, and sand interceptors shall be provided when, in the opinion of the Superintendent they are necessary for the proper handling of liquid wastes containing grease in excessive amounts, or any flammable wastes, sand, or other harmful ingredients; except that such interceptors shall not be required for private living quarters or dwelling units. All interceptors shall be of a type and capacity approved by the Superintendent and shall be located as to be readily and easily accessible for cleaning and inspection.

SEC. 7 Where preliminary treatment or flow-equalizing facilities are provided for any waters or wastes, they shall be maintained continuously in satisfactory and effective operation by the owner at his expense.

SEC. 8 When required by the Superintendent, the owner of any property serviced by a building sewer carrying industrial wastes, shall install a suitable control manhole together with such necessary meters and other appurtenances in the building sewer to facilitate observation, sampling, and measurement of the wastes. Such manhole, when required, shall be accessible and safely located, and shall be constructed in accordance with plans approved by the Superintendent. The manhole shall be installed by the owner at his expense, and shall be maintained by him so as to be safe and accessible at all times.

SEC. 9 All measurements, tests, and analyses of the characteristics of waters and wastes to which reference is made in this ordinance shall be determined in accordance with the latest edition of "Standard Methods for the Examination of Water and Wastewater" published by the American Public Health Association, and shall be determined at the control manhole provided, or upon suitable samples taken at said control manhole. In the event that no special manhole has been required, the control manhole shall be considered to be the nearest downstream manhole in the public sewer to the point at which the building sewer is connected. Sampling shall be carried out by customarily accepted methods to reflect the effect of constituents upon the sewage works and to determine the existence of hazards to life, limb and property.

SEC. 10 No statement contained in this article shall be construed as preventing any special agreement or arrangement between the city and any industrial concern whereby an industrial waste of unusual strength or character may be accepted by the city for treatment, subject to payment therefore, by the industrial concern.

## ARTICLE VI

## Protection from

## Damage

SEC. 1 No unauthorized person shall maliciously, willfully, or negligently break, damage, destroy, uncover, deface, or temper with any structure, appurtenance, or equipment which is a part of the sewage works. Any person violating this provision shall be subject to immediate arrest under charge of disorderly conduct.

## ARTICLE VII

## Powers and Authority

## of Inspectors

SEC. 1 The Superintendent and other duly authorized employees of the city bearing proper credentials and identification shall be permitted to enter all properties for the purpose of inspection, observation, measurement, sampling, and testing in accordance with the provisions of this ordinance. The Superintendent or his representatives shall have no authority to inquire into any processes including metallurgical, chemical, oil, refining, ceramic, paper, or other industries beyond that point having a direct bearing on the kind and source of discharge to the sewers or waterways or facilities for waste treatment.

SEC. 2 While performing the necessary work on private properties referred to in Articles VII, Section 1, above, the Superintendent or duly authorized employees of the city shall observe all safety rules applicable to the premises established by the company and the company shall be held

harmless for injury or death to the city employees and the city shall indemnify the company against loss or damage to its property by city employees and against liability claims and demands for personal injury or property damage asserted against the company and growing out of the gauging and sampling operation, except as such may be caused by negligence or failure of the company to maintain safe conditions as required in Article V, Section 8.

SEC. 3 The Superintendent and other duly authorized employees of the city bearing proper credentials and identification shall be permitted to enter all private properties through which the city holds a duly negotiated easement for the purpose of, but not limited to, inspection, observation, measurement, sampling, repair, and maintenance of any portion of the sewage works lying within said easement. All entry and subsequent work, if any, on said easement, shall be done in full accordance with the terms of the duly negotiated easement pertaining to the private property involved.

## ARTICLE VIII

## Penalties

Sec. 1 Any person found to be violating any provision of this ordinance except Article VI shall be served by the City with written notice stating the nature of the violation and providing a reasonable time limit for the satisfactory correction thereof. The offender shall within the period of time stated in such notice, permanently cease all violations.

SEC. 2 Any person who shall continue any violation beyond the time limit provided for in Article VIII Sec. 1 shall be guilty of a misdemeanor, and on conviction thereof shall be fined in the amount not exceeding \$25.00 for each violation. Each day in which any such violation shall continue shall be deemed a separate offense.

SEC. 3 Any person violating any of the provisions of this ordinance shall become liable to the city for any expense, loss, or damage occasioned by the city by reason of such violation.

## ARTICLE IX

## Validity

SEC. 1 All ordinances or parts of ordinances in conflict herewith are hereby repealed.

SEC. 2 The invalidity of any section, clause, sentence, or provision of this ordinance shall not effect the validity of any other part of this ordinance which can be given effect without such invalid part or parts.

## ARTICLE X

## Ordinance in Force

SEC. 1 This ordinance shall be in full force and effect from and after its passage, approval, recording, and publication as provided by law.

SEC. 2 Passed and adopted by the Board of Directors of the City of Hope, State of Arkansas on the 20th day of November, 1972, by the following vote:

Ayes 6  
Nays 0  
Absent: 1. Namely: Bob Jackson  
Approved this 20 day of November, 1972.  
(Signed) Dr. Sam Strong, Mayor

Food fortifications — NEW YORK (UPI) — Foods commonly fortified with vitamins are milk—vitamin D; fruit drinks—vitamin C; flour—B vitamins and minerals; and breakfast cereals—vitamins A, B, and D. Consumer advocates are suggesting fortification should be increased in all food types. The Opinion Research Corporation of Princeton, N.J., conducted a nationwide survey which showed about 70 per cent of consumers felt there was a need for vitamins to be added to food products.

1	Pass	1
3	Pass	3 N.T.
Pass	Pass	Pass
Opening lead—♥5		

By Oswald & James Jacoby

It doesn't require any great bidding skill to get to three no-trump with the North-South cards. The bidding in the box shows the simple, straightforward way to get there.

With two five-card suits, North opens with the higher ranking one. You don't go out of your way to reverse, to show strength. A reverse bid shows strength and when you reverse with touching suits like diamonds and clubs it indicates that the club suit is longer.

North's hand is strong enough for a forcing jump bid in his second suit and South rebids to three no-trump. South might have given a preference to three diamonds but the last thing South wanted was to get past the three no-trump level.

South let the heart lead come around to his hand and promptly tried and lost the diamond finesse. East led back a heart to his partner. West took his ace and thought for awhile.

It was obvious to West that South still held the high heart. West could see that South was going to be able to collect four diamond tricks and if South happened to hold the queen of clubs he would make the rest of the tricks.

In duplicate play, West might well have taken his ace of spades and held South to one overtrick, but this was rubber bridge. West led a heart in the hope of beating three no-trump in case his partner held the club queen. South won and cashed the rest of the tricks.

(NEWSPAPER ENTERPRISE ASSN.)

### THIRD STRIKE

The bidding has been:

West	North	East	South
1	Pass	1	♥
Pass	2	Pass	3
Pass	3	Pass	3 N.T.
Pass	4	Pass	?

You, South, hold:

♠ Q842 ♥ K533 ♦ A7653 ♣

What do you do now?

A—Your partner's three-spade call was evidently a cue bid. Your only problem is to decide between a six-diamond and a five-diamond call. We slightly prefer six diamonds but would not criticize five.

### TODAY'S QUESTION

What is your opening bid with:

♠ AK65 ♥ AK65 ♦ 32 ♣ KQ3

## GOOD MUSIC

... the common language of all people. It takes skilled musicians to blend an orchestra into the perfect ensemble ... to make good music. Just as surely as it requires more discords than concords to make good music, so does it take more disappointment, sorrow and trouble to sweeten up a life ... to make a good Christian. The orchestra spends a lot of time just tuning up. And so does a life if it is to count for God. One must go to Sunday School, attend church and learn of Him, if his music, his life is to be worthy to be used by God to warm the hearts of men. *They learn well and play true.*

### You In The Church The Church In You

— form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

THE CHURCHES AND SYNAGOGUES OF THIS COMMUNITY ARE THE ONLY INSTITUTIONS WHICH HAVE AS THEIR MAIN FUNCTION THE TRANSFORMING OF HUMAN LIVES. THEY ARE THE SIGN BOARDS POINTING THE WAY TO GOD.

Sponsors of these messages urge faithful church support. Through these pages the appeal is for men to stand up and be counted ... to combat communism on all fronts ... to be faithful to God.

OUR PASTORS AND RABBIS ARE GOD'S SERVANTS WHO CALL THE SIGNALS AGAINST THE ORGANIZED FORCES OF EVIL. THEY INVITE YOU TO ENLIST ON THE SIDE FOR GOD ... TO ATTEND CHURCH OR SYNAGOGUE.

## People in the News

TARRYTOWN, N.Y. (AP) — AFL-CIO President George Meany has been admitted to Phelps Memorial Hospital as a precautionary move after suffering slight chest pains.

"We have no definite evidence of a coronary attack," Dr. Raymond Phillips, a local physician, said after Meany was admitted Thursday. "His condition is stable. He is good and well."

Meany, 78, and his wife had been staying at a motel, where he suffered the chest pains, while on a visit here to spend the Thanksgiving holiday with their daughter and son-in-law at nearby Briarcliff Manor.

COLUMBIA, S.C. (AP) — Movie actress Yvette Mimieux and director-producer Stanley Donen have been married at the home of his sister.

Mrs. Lawrence G. Goldstein, the sister, had reported Wednesday that the couple had changed their minds about being married in Columbia, where Donen grew up, and had flown to the Virgin Islands.

Mrs. Goldstein said Thursday, however, that the two were married at her house before leaving the city.

## Psoriasis group offers help

DR. LAWRENCE E. LAMB

By Lawrence Lamb, M.D.  
Dear Dr. Lamb—My husband and I were pleased to read your article about psoriasis. My husband has had psoriasis for about 10 years. I am writing to ask if you have any other information about the National Psoriasis Foundation, including their address. My husband has considered going there.

Dear Reader—I have received a lot of letters asking about the National Psoriasis Foundation and many readers want to know the address. It is National Psoriasis Foundation, Suite 250, 6415 S. W. Canyon Court, Portland, Oregon, 97221.

This is a very interesting organization which was founded just a few years ago. It was originally founded by an enthusiastic group of psoriasis sufferers in Portland. They banded together so that they could communicate with each other and exchange ideas. Eventually their interest grew and they started a publication. In 1968 they became a national organization with a tax exempt status. They publish a bi-monthly Psoriasis Bulletin which gives the latest information in the field of psoriasis. They hope to raise additional funds to help support research on the problem of psoriasis.

You can join the Foundation without a membership fee. The Foundation is not a medical clinic in the sense that it takes patients or anything like that. It is parallel to the American Heart Assn. in that it encourages research and provides information to members. I would think that all those people who have psoriasis might well want to join the organization to help in what way they can to encourage research and an early solution to controlling this problem.

Dear Dr. Lamb—I would like to know if there is any way I could make my hair grow longer. I am a black male and would like to have longer hair.

Dear Reader — The length of hair is an individual, inherited characteristic. It will only grow so long and then it stops growing. This is closely related to the length of time that the follicle that grows hair is active and after it reaches its fullest length the hair is dropped and the follicle rests until its next cycle comes. We grow and lose hair much like trees shed leaves. Fortunately for us we are like "live-oak" trees and drop a little bit of hair all the time. This way a small percentage of the hair follicles are constantly resting and if the hair is not cut it will be at varied lengths over the head. Some hair is the new short hair and other is the older hair reaching its maximum growth length. It follows that there is no way to increase the natural length of the growth of your hair.

I might add that a number of procedures used on hair leads to its breaking and splitting and to excessive loss of hair. This includes hair straightening, any of the measures that put hair under tension, and the use of heat on the hair used to accomplish various hair styles. A number of dermatologists have pointed this out in relationship to the Afro hair style and have recommended that rather than teasing the hair into a maximum bushy appearance that it should be left in its natural state if you want to keep it.

NEWSPAPER ENTERPRISE ASSN.

Send your questions to Dr. Lamb in care of this newspaper, P.O. Box 1551, Radio City Station, New York, N.Y. 10019. For a copy of Dr. Lamb's booklet on impotence, send 50 cents to the same address and ask for "Impotence" booklet.

AWARDS—Assistant Scoutmaster Roger Nunn presented Second Class Awards at the Court of Honor to Sandy Huckabee, Lynn Elder,

Stacy Walton, Ricky Morris, Bob Prisock, and Bill Gross at the Scout Court of Honor held this week. Elderond Morris is not shown.

1ST CLASS—Bobby Joe Lee, in rear, presented First Class Awards to Sandy Huckabee, Clifford Elder, Chris Carey, and Bryan Cox at Monday's Scout Court of Honor.
